PROSPECTUS

The MILWAUKEE RADIO AMATEURS' CLUB., Inc., was founded in January, 1917, by Loy Schell Hillegas-Baird and other local radio amateurs, for the purpose of banding themselves together into a non-commercial organization which could champion their cause and provide means whereby their knowledge of radiotelegraphy, radiotelephony, and allied subjects could be collectively increased.

In December, 1919, the Club became affiliated with and now constitutes the Milwaukee Chapter or local section of the American Radio Relay League, Inc., which is a national non-commercial association of radio amateurs, (with executive headquarters at West Hartford, Conn.) bonded for the more effective relaying of friendly messages between their stations, for legislative protection, for orderly operating, and for the practical improvement of short-wave two-way radio communication. "Of, by and for the amateur," the League numbers within its ranks practically every worthwhile amateur in America and has a history of glorious achievement as the standard bearer in amateur affairs.

The Club meets weekly at 8:00 P.M., Thursday, at the

CONFERENCE ROOM, PUBLIC LIBRARY, 814 W. Wisconsin Ave.

Identification with one of the Club's several committees entitles the member to become actively engaged in the solution of problems of local radio organization. Regular attendance at meetings offers the advantage of listening to and taking part in discussions of both technical and traffic topics. Members have the right and are encouraged to present formal papers, and periodically, arrangements are made for Club lectures by speakers of known standing in the radio or electrical field. Social affairs, of varying nature, are given irregularly. Attention is also called to the distinction of being a member of the organized radio amateurs and the privilege of enjoying the fellowship and fraternal spirit associated therewith. The directorate of the Club is prepared at all times to expand the scope of the society's activities upon due request from the members. It is interesting to note that the organization is the oldest continuously existent radio amateurs' club in the world.
